

Angel Rock Cottages

Directly on the River...

Our property offers exceptional views, prime waterfront location, protected dockage, boat rentals, and a swimming area - in a comfortable setting...

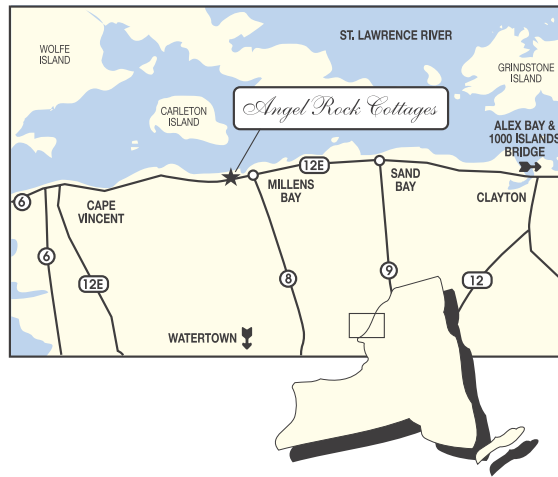

Located in the Thousand Islands, directly on the St. Lawrence River between Cape Vincent and Clayton, New York. Our location offers easy proximity to prime fishing grounds both in Canadian and American waters. In addition, the St. Lawrence River is quickly gaining popularity with recreational divers, due to the exceptional water clarity and numerous wrecks in the area.

We are one of the few area properties open on a year round basis, offering comfortable heated cottages after a day of ice fishing, snowmobiling, cross country skiing or river skating.

Our majestic view spans for miles along the St. Lawrence River and includes international ships, abundant river wildlife, and awesome sunsets.
